Dear Reg and John:

We have now been enjoying our Backyard Getaways pool for just over 3 months. I wanted to pass on my thanks to you and your professional crew for a job well done. You met or exceeded our expectations in every category. Dan was very professional in the sales call, providing us the information we asked for, without any unnecessary pressure. Your pool construction people were very courteous on the job, and showed commitment to excellent workmanship. It was an amazing sight to watch your father, Aldo, with his lifetime pool building experience, sculpt a perfect bowl for our future pool. Our neighbours commented on how well the road and site were kept clean during the construction process. Needless to say the pool is a pleasure for our family, and friends, who are more than eager to enjoy it with us.

I would recommend Backyard Getaways to anyone considering building a pool, and if interested, are welcome to stop in and have a look for themselves.

Kind regards,

A handwritten signature in black ink, appearing to read 'Ray Middel', with a long, sweeping flourish extending to the right.
